

# Kodiak Island Borough Coastal Management Plan May 2007

## Appendix P: Agencies, Organizations and Individuals Contacted During the Plan Revision Process

### P.1 Distribution List:

The public notice for the Public Review Draft was distributed to a wide variety of state and federal agencies, tribes and Native corporations listed below. In addition, a public meeting was held in each village of the borough.

STATE AGENCIES			
All Districts			
Wayne Dolezal	ADF&G	wayne_dolezal@fishgame.state.ak.us	907-267-2333
Robin Willis	ADF&G	robin_willis@fishgame.state.ak.us	907-267-2329
Christy Miller	DCCED	christy_miller@commerce.state.ak.us	907-269-4567
Sally Cox	DCCED	sally_cox@commerce.state.ak.us	907-269-4614
Peter McKay	DCCED	peter_mckay@dced.state.ak.us	907-465-5555
Fran Roche	DEC	fran_roche@dec.state.ak.us	907-465-5320
Stefani Ludwig	DNR	stefanie_ludwig@dnr.state.ak.us	907-269-8720

In addition, the public notice was distributed to communities in the borough (Akhiok, Karluk, Kodiak, Larsen Bay, Old Harbor, Ouzinkie, and Port Lions), Native Corporations (Shuyak Inc, Uganik Natives Inc, Uyak Inc, Natives of Kodiak, Old Harbor Native Corporation, Ouzinkie Native Corporation, Ayakulik Inc., Bells Flats Natives Inc, Leisnoi Inc, Litnik Inc, Afognak Native Corporation, Akhiok-Kaguyak Inc., Anton Larsen Inc) and tribes (Akhiok Tribal Council, Karluk IRA Traditional Council, Larsen Bay Tribal Council, Old Harbor Tribal Council, Ouzinkie Tribal Council, Port Lions Tribal Council, Shoonaq Tribe of Kodiak, Native Village of Afognak, Leisnoi Village/Woody Island Tribal Council, and Kaguyak Tribal Council).

## P.2 Comments Received

Written comments were received from the Alaska Department of Natural Resources (DNR) Office of Project Management and Permitting, DNR Office of History and Archaeology, Alaska Department of Environmental Conservation, Department of Commerce, Community and Economic Development (DCCED) Office of Community Advocacy, DNR Division of Mining Land and Water, and the Minerals Management Service.

### P.3 Consultation

Name	Agency	Date	Subject
Rick Fredericksen	DNR, DMLW	10/14/2004	Bristol Bay Area Plan - land must be classified before it can be disposed of, classification is of primary uses. This provides guidelines for adjudicators. Classification is not equivalent to regulation of land. Nushagak & Mulchatna Rivers plan may be ado
Roslyn Resa-Smith	DNR	10/15/2004	DNR Area Plans -if plan adopted into state regulation, it has the force of law and cannot be duplicated. A Special Land Use designation is used for adkudication, not for administration of uses on the land. Dalton Highway an example.
Jesse Dizard	DFG, Div of Subsistence	11/9/2004	Subsistence survey of large mammal harvests.
James Magdanz	DFG, Div of Wildlife Conservation	11/24/2004	Discussed subsistences uses, designations. "I can't think of any accessible area (in NAB) that is not used for subsistence." NANA did some maps of harvest areas - essentially shows that very few places are not used for subsistence. The foundation for the
Jim Dau	DFG, Div of Wildlife Conservation	11/24/2004	Discussed info available on Community Profile Database. Harvest surveys are conducted in 2-3 villages at a time. Fisheries management boundaries different from GMUs, annual survey of fish harvest done in most communities.
Kim Titus	DFG, Div of Wildlife Conservation	11/29/2004	Explanation of Tier I, II game management program. Has done peregrine falcon surveys throughout GMU 22 (BSCRSA) and is very familiar with the region. Q. Is it fair to say that the entire GMU 22 is used for subsistence? A. Yes, absolutely.

Jennifer Sepez	NOAA	11/30/2004	Traditional ecological knowledge research and database
Janet Hall Schempf	DFG	12/2/2004	ADF&G Habitat Div. Habitat Management Guide Atlases, collection of habitat info for the atlases
Keven Kleweno	RCA	12/27/2004	Hydropower resources in Alaska, potential future development sites
Fran Roche	DEC	1/7/2005	Erosion control, DEC authority over: "Erosion control for the purpose of preventing soil loss, protecting structures or other land management reasons is_ not_ within the authority of the Department of Environmental Conservation."
Roslyn Resa-Smith	DNR	2/2/2005	No DNR plans that are currently under revision are scheduled to be adopted into regulation. The plans, or a portion of any one might be at a later date, but there are no plans to do so.
Lisa Seeb	DFG Genetics Lab	2/7/2005	Jim Seeb, husband, is actually the geneticist, works in same area, but out of town (and I was never able to reach him by phone). Lisa believes that for fisheries enhancement projects, stocks from within Alaska must be used, but they do not have to be local
Peter Crimp	DCCEED, AIDEA Wind Resource Assessment Program	2/14/2005	Wind generation potential development in Kotzebue, other areas
	DFG, Div. of Commercial Fisheries	4/10/2005	Shellfish fishery reports for AEB
Jim Menard	DFG, Div of Commercial Fisheries, Nome area office	4/12/2005	Discussed commercial fisheries in Nome and Kotzebue areas.
Sara Hunt, Sylvia	OPMP	4/13/2005	Met with staff to discuss their comments on the plan.

James Fall	DFG, Div of Subsistence	9/23/2005	Mapping of subsistence uses. Discussed KIB, AEB, BBCRSA. Fall said that in previous coastal planning, uses were important everywhere and the idea of designating areas for subsistence is a big change. From the DFG perspective, if a resource is important in
Rod Campbell	Office of Subsistence	9/27/2005	Campbell works in subsistence fisheries. Suggested that the USGS might have maps showing subsistence fisheries areas. Office of Subsistence administers fisheries as closely as possible to the state program. The Fisheries Management Areas are a little different
Robert Schroeder	Federal Subsistence Board	9/27/2005	Subsistence research, ADF&G Technical Paper 150.
Richard Enriquez	USF&WS	10/7/2005	Consultation with USF&WS on Bald & Golden Eagle Act, MMPA. All recommendations, including distance of development from an eagle tree, are just recommendations, not requirements.
Susan Walker	NMFS	10/10/2005	Weight of Essential Fish Habitat (EFH) recommendations. Federal agencies are required to consider them, but can reject them.
Becky Strauch	DFG, Div of Wildlife Conservation	10/14/2005	Game Management Unit maps
EPA	EPA	10/20/2005	Discussed EPA and ACMP requirements.
Jim Menard	DFG, Div of Commercial Fisheries, Nome area office	10/20/2005	Div has received \$5 million to study the downturn in chum salmon in Norton Sound area, 5-year study. Only Tier II permit holders allowed to fish. People shifted to fishing for sockeye in Teller/Port Clarence and developed a preference for sockeye after ch
Patty Burns	DNR, DGGS	11/7/2005	Discussed permafrost and other hazards.
Ted Deats	DNR, DMLW	12/2/2005	Material sales, reclamation statutes and regulations

Christy Miller	DCCEED, Flood Control	1/5/2006	Identifying the high water mark of record, establishing standards for flood control, coastal districts need to have policies related to floods in order to qualify for flood insurance.
Sven Haakanson	Alutiiq Museum	1/10/2006	Discussed history/prehistory policies.
Gary Eddy	DOTPF, Statewide Design & Engineering Services, Design & Construction Standards	1/11/2006	DOTPF defers to local expertise and standards regarding natural hazards. Does not have regs governing construction in natural hazard zones.
E. Whipple	Koniag Native Corporation	1/11/2006	Discussed Subsistence designations
